Our vision

- To be the provider of choice
- To attain and retain the best talent pool
- To utilize our resources to provide the best solution
- To create value and competitive advantage through technology
- To promote a learning environment that will support the growth of our company
- To react with agility and responsiveness

OUR CORE VALUES

- EMBRACE KNOWLEDGE
- PROMOTE HONESTY & INTEGRITY
- IMPROVE QUALITY
- RESPOND QUICKLY
- EXCEED EXPECTATIONS
- ANTICIPATE CHANGE
- ENCOURAGE TEAMWORK
- TAKE OWNERSHIP
- FOSTER INNOVATION
- DELIVER SAFETY
- ENHANCE EMPLOYEES' QUALITY OF LIFE
- RESPECT THE ENVIRONMENT, COMMUNITY, & STAKEHOLDERS

As a locally-owned firm, BMS and Action bring formidable financial strength and support to the operation and offer a strong history of business success. BMS and Action operate out of a company owned 8,500 sq.ft head office and warehouse facility strategically located in downtown Vancouver. This provides a key point of dispatch and deployment for effectively servicing our BC client base. Furthermore, we have an office in Victoria and Kelowna which services all our clients on the Island and the Interior.

your premier systems integrator

BMS INTEGRATED SERVICES INC.

BMS Integrated Services Inc. is a leading BC-based Systems Integrator focusing on design, deployment and maintenance of Enterprise-level electronic security systems and network infrastructure. Established in 1980, BMS emerged as a leader in the deployment of network technologies. We partner with the Security Industry's leading manufacturers of proven technologies to deliver high-quality solutions to our clients. BMS understands that Information Technology and Networking are critical to today's security infrastructure and we ensure our solutions incorporate today's standards. BMS responds to your corporate security needs with technology-driven solutions to protect your facilities.

ACTION DATA/ ELECTRIC/ WIRELESS

Incorporated in 1973, Action Data / Electric is one of western Canada's leading technology contracting companies. One of Action's core strengths is the ability to leverage a team of highly qualified field technicians, whose proven expertise ensures the completion of the most demanding projects. Offering a diverse portfolio of services, Action specializes in the design, deployment, optimization, management and maintenance of communication infrastructure, wireless networks, and electrical projects. We stay focused on technology developments and increased client requirements to meet the demands of global competition. At Action, we thrive on challenge as each new challenge presents a new opportunity.

customized solutions for your business needs

Single Source Solution

- ONE PHONE CALL.
- ONE SERVICE CONTRACTOR.
- ONE INVOICE.

BMS Integrated Services Inc. and Action Data Communication/ Action Electric are sister companies, delivering technology contracting under four verticals including Network infrastructure, Wireless Services, Electrical Services, and Integrated Solutions. Our unique business model provides a highly technical and well-diversified installation force, which combined, enables us to handle larger and more complex projects. Much of our labor force is cross-trained under multiple disciplines enabling labor to flow between projects to areas most needed at any given time. Due to our diverse multi-discipline training, we better understand the different facets of our clients' needs, thereby enabling us to promptly evaluate and adjust existing solutions to meet the changing needs of our clientele. It is not uncommon to hear our customers describe our designed and installed systems as "flawless".
